50.0

SUS score (0 to 100)

Grade F

This score is below the average SUS of 68 and earns a F on the Sauro–Lewis curved grading scale, better than roughly 0% of products in the reference database. Bangor et al. would classify it as “marginal”.

Metric	Value
Percentile	0–14
Acceptability	Marginal
vs. average (68)	-18

Responses

#	Item	Response
1	I think that I would like to use this system frequently.	5
2	I found the system unnecessarily complex. (R)	1
3	I thought the system was easy to use.	2
4	I think that I would need the support of a technical person to be able to use this system. (R)	3
5	I found the various functions in this system were well integrated.	4
6	I thought there was too much inconsistency in this system. (R)	5
7	I would imagine that most people would learn to use this system very quickly.	1
8	I found the system very cumbersome to use. (R)	2
9	I felt very confident using the system.	3
10	I needed to learn a lot of things before I could get going with this system. (R)	4
